

## **SRB Users' Group – Objectives As of November 2015**

- Maintain a structured non-profit society for the benefit of all organizations using software from SRB Education Solutions (SRB)
- Support and assist all members of the Users' Group in the use of SRB software, through active participation in the annual SIG meetings and conference.
- Ensure that the full extent of services available from SRB is widely recognized, understood and utilized within the Users' Group.
- Promote and maintain a high standard of professional conduct among the society and when dealing with SRB.
- Provide a forum in which users of SRB products can meet and discuss issues of mutual concern.
- Promote activities that increase communications among members and between members and SRB.
